### Included in this workshop:

- The 300+ pages SCRUMstudy Scrum Body of Knowledge (SBOK™)
- Scrum Developer Workbook, Planning Poker cards, Scrum-on-a-page learning aid
- 16 PMI-approved PDUs
- 3-year certification upon successful exam completion
- Two days of face-to-face learning, role playing, and coaching
- Access to the SDC online certification exam at the end of the workshop through VMEdU / SCRUMstudy

### Candidates for this course include:

- AS A team member I WANT to maximize my contribution on our team SO THAT we are all successful
- AS A team member I WANT to be certified SO THAT my professional growth is recognized—like PMI PDUs—and I can aspire to new roles based on my expanding skillset
- AS A member of leadership I WANT my staff to be capable and prepared SO THAT our teams AND organization are successful using consistent and improving practices
- AS A business partner I WANT to be fully engaged with the team SO THAT our roles and interactions are well understood

### Objectives:

- Prepare teams, leadership, and business partners to make informed choices about their practices
- Understand, apply, and contribute to the success of scrum-based work as a Scrum team member
- Improve overall knowledge of Scrum, the most utilized agile approach
- Explore the significance of teams and roles – understand the 5Cs of team participants
- Foster discussion on optimizing team usage of agile methods

### Topics . . .

- Agile & Scrum Principles
- Roles: Development Team, Scrum Master, Product Owner
- Business Justification, Quality, Change, Risk
- Agile planning: Roadmaps, features, stories, tasks, & sizing
- Scrum lifecycle: Initiate, Plan & Estimate, Implement, Review & Retrospect, Release
- Scrum of Scrums (Scaling)
