Joe's latest agile articles:

[Reflecting on Measurements in an Agile World](#)

[Impediments to Agile Success](#)

[Inflategate, Mastering Overestimation](#)

[Keep the Baby](#)

Candidates for this course include:

- AS A Scrum Master I WANT to be fully equipped to enable the team environment SO THAT the team meets its objectives
- AS An aspiring professional I WANT to be certified SO THAT my credentials are recognized and I can lead and influence new initiatives based on my expanding skillset
- AS A member of leadership I WANT my staff to be capable and prepared SO THAT our teams AND organization are successful using consistent and improving practices
- AS A business partner I WANT capable and competent Scrum Masters SO THAT business expectations can be achieved

Objectives:

- Prepare Scrum Masters to lead teams, business partners, and management to make informed choices about agile practices
- Understand, apply, and contribute to the success of scrum-based work as a Scrum Master
- Improve overall knowledge of Scrum, the most utilized agile approach
- Explore the significance of teams and your role in maturation
- Prepare Scrum Masters to participate in Scrum-of-scrums and organizational scaling of Scrum

Topics . . .

- Agile & Scrum Principles
- What is agility? Is your culture ready?
- Roles: Development Team, Scrum Master, Product Owner
- Servant Leadership and facilitating team growth successfully
- Agile planning: Roadmaps, features, stories, tasks, & sizing
- Scrum lifecycle and the Scrum Master role: Initiate, Plan & Estimate, Implement, Review & Retrospect, Release
- Scrum of Scrums (Scaling)
