Overview: Attendees receive a copy of all the slides and exercises. This workshop incorporates four popular agile primers in a two-day format with value-based pricing, including:

- Topical Video
- Day 1 – Transitioning to Agile (develop the agile mindset, approximately 6 hours)
- Day 1 – Kanban Concepts and Practices (Kanban primer, approximately 2 hours)
- Day 2 – Essential Skills for Scrum Success (Scrum skills development, approximately 4 hours)
- Day 2 – Ready, Scale, Aim (Scaling with agile – approximately 4 hours)

Value-based pricing: . . . Register for both days (best value) or either day. Pre-registration pricing available. Contact Joe for 5 or more attendees from the same group OR to bring this training directly to your team or organization.

Bootcamp Objectives:

- Prepare teams, leadership, and business partners to make informed choices for applying agile, examining Scrum and Kanban, and determining what scaling options might best suit their needs
- Combine four workshops into a two-day format to condense and accelerate their decision needs
- Review the history, benefits, risks, challenges, and usage of the four primers
- Provide exercises that will help drive next steps and direction for teams and organizations
- Build unity in practice and improvement across the agile spectrum

Candidates for this course include:

- Development team members, business partners, and stakeholders using or considering agile next steps
- Management and leadership who want to increase their understanding of agility

Topics . . . all of the topics are included in the links for each of the primers list above under Overview
